# Signing In to Benefits Hub

**Ultimate Health Plan · Case Manager Reference**

## Sign in

1. Go to **ultimatebenefits.thehelperbees.com/login** and bookmark it — you'll use it every day.
2. Enter the email address and password your account team sent you.
3. Select **Sign In**.
4. Check your email for a 6-digit verification code and enter it to finish signing in.

**GOOD TO KNOW**

Verification codes expire 10 minutes after they're sent. If yours expires, just go back to the sign-in page and enter your credentials again — a new code will be sent right away. No ticket needed.

## Forgot your password?

Select **Forgot your password?** right on the sign-in page to start a reset. You don't need to contact support for this.

## Need help signing in?

The sign-in page has a “Need Help? Please open a ticket with support” link that opens a support ticket for you directly — use it if you're locked out or your credentials aren't working.

**REMEMBER**

Use the same email and password every time. If your account team sends updated credentials, replace your saved ones — don't keep multiple sets on file.
