Adding a Referral

BCBS SC · Case Manager Reference

Before you start

Each service is its own referral. Create it from the member's Digital Wallet tile.

Add a service

1. From the member's Digital Wallet page, select Add Referral.
2. Choose a Service Category (In Home Support, Home & Bathroom Safety, or Virtual Products), then search for and select the service.
3. Confirm the service is Active and check its points.
4. Set the Quantity. Home-safety services are entered once at quantity 1. For hourly virtual services, enter the number of hours (30 points per hour).
5. Select Add to Cart.

WHO CREATES WHICH REFERRAL

BCBS SC case managers or social workers create referrals for In-Home Safety Assessments and home-modification services. THB / Member Services may create referrals for supported services, and can help case managers create them.

KNOW THE LIMITS

Caregiver Support, Digital Health Literacy, and Virtual Companionship: 10 hours each. Home modifications: one lever faucet, one handheld shower, one raised toilet seat, up to 14 stair treads, and up to 2 grab bars.

Worked examples

SERVICE	QUANTITY	POINTS EACH	TOTAL POINTS
In-Home Safety Assessment	1	150.00	150.00
Bathroom grab bar/Install	1	450.00	450.00
Bathroom Bundle (grab bar and raised toilet seat)	1	800.00	800.00
Caregiver support services (2 hours)	2	30.00	60.00

CHECK THE SERVICE ADDRESS FIRST

If care will happen somewhere other than the member's address on file, select (change service address) now, before you choose a service. It applies to this referral only, and the address on file doesn't change. This is the only place to change it — it can't be edited at checkout.

Review and submit

1. On the Referrals Summary, review each service's quantity and total points — use + or − to adjust if needed.
2. Confirm the Service Address. You can't edit it here — if it's wrong, use the back arrow to return to Add Referral and select (change service address).
3. Select Checkout, then Confirm. Checkout submits everything in the cart.

VERIFY THE SERVICE ADDRESS BEFORE YOU CHECK OUT

An incorrect address can't be edited at checkout or after. Once you submit, fixing it takes a support ticket (not guaranteed) or a new referral. Double-check it every time.
