BCBS SC Case Manager FAQ

BCBS SC · Case Manager Reference

What benefit does BCBS SC offer in 2027?

One benefit: the Digital Wallet, a $1,000 annual allowance for Digital Health Literacy, Virtual Companionship, Home & Bathroom Safety, and Caregiver Support. The 2027 renewal preserves the 2026 benefit set.

What services are in the Digital Wallet?

Bathroom Bundle (grab bar and installation plus a raised toilet seat), Bathroom grab bar with installation, Caregiver Support, Digital Health Literacy, Handheld Shower with installation, In-Home Safety Assessment, Lever Handle Faucet with installation, Non-Slip Stair Tread with installation, Raised Toilet Seat with installation, and Virtual Companionship (1 hour).

Are there service limits?

Yes. Caregiver Support, Digital Health Literacy, and Virtual Companionship are limited to 10 hours each. Home modifications are limited to one lever faucet, one handheld shower, one raised toilet seat, up to 14 stair treads, and up to 2 grab bars.

Why does a member only have one benefit tile?

Every BCBS SC member has the one Digital Wallet benefit, so a single tile is expected.

When does the Digital Wallet become available?

After an In-Home Safety Assessment is completed. The assessment is required before the wallet is activated.

Who creates which referrals?

BCBS SC case managers or social workers create referrals for In-Home Safety Assessments and home-modification services. THB / Member Services may create referrals for supported services, and THB can help case managers create them. Automated authorization and Digital Wallet loading support benefit activation where applicable.

Do unused benefits roll over?

No. The allowance expires at the end of the year, and unused amounts do not roll over.

A member's Remaining shows less than expected. Why?

Remaining is Plan Allowance minus Used minus Pending. Pending counts against the balance even before it's finalized.

What if the member needs service at a different address than what's on file?

Before checkout: on the Add Referral screen, select (change service address) before you choose a service. It applies to that referral only and the address on file doesn't change. It can't be edited at checkout, so if you spot a wrong address on the Referrals Summary, use the back arrow to return and change it. After checkout, fixing it takes a support ticket (not guaranteed) or a new referral.

Can THB talk to the member about their benefit?

Yes. THB can discuss benefit details and referrals with members, and can update member demographics.

Can I share the provider's phone number with the member?

Yes, once the referral reaches Accepted By Provider. The number is visible in Benefits Hub before that, but it isn't ready to share until the provider accepts.

Do I need a separate escalation or grievance form?

No. BCBS SC routes every issue through the one Submit a request form at bcbssc-thb.zendesk.com. Choose the Issue Type that fits and include full details in Additional comments. If it's urgent, also email your THB Account Coordinator with the ticket number.

What if a required ticket field doesn't apply?

Enter N/A rather than leaving it blank. Every field marked with an asterisk is required.

I'm searching by ID and getting no results. Now what?

Use Advanced Search with First Name, Last Name, and Date of Birth, and double check the ID too.

How do I reach THB, and when?

Call 888-341-6084, 8:00 am to 5:00 pm local time. Submit a ticket for anything you'd like tracked in writing.
