Adding a Referral

Champion Health · Case Manager Reference

Before you start

Each service is its own referral. Create it from the member's Respite Care tile.

Add a service

1. From the member's Respite Care page, select **Add Referral**.
2. Choose the Service Category (In Home Support), then search for and select **Respite Care**.
3. Confirm the service is Active and check its points (48.00 per unit).
4. Leave the Quantity at **1**. One unit is the member's full 48-hour benefit.
5. Select **Add to Cart**.

KNOW THE LIMITS

Respite Care is a 48-hour annual benefit. Unused hours expire on 12/31/2027 and do not roll over.

Worked example

SERVICE	QUANTITY	POINTS EACH	TOTAL POINTS
Respite Care	1	48.00	48.00

CHECK THE SERVICE ADDRESS FIRST

If care will happen somewhere other than the member's address on file, select **(change service address)** now, before you choose a service. It applies to this referral only, and the address on file doesn't change. This is the only place to change it — it can't be edited at checkout.

Review and submit

1. On the Referrals Summary, review the quantity and total points.
2. Confirm the Service Address. You can't edit it here — if it's wrong, use the back arrow to return to Add Referral and select (change service address).
3. Select **Checkout**, then **Confirm**. Checkout submits everything in the cart.

VERIFY THE SERVICE ADDRESS BEFORE YOU CHECK OUT

An incorrect address can't be edited at checkout or after. Once you submit, fixing it takes a support ticket (not guaranteed) or a new referral. Double-check it every time.
