Finding Your Member

Champion Health · Case Manager Reference

Search by ID (primary method)

1. Type the member's ID (it starts with CHP) into the search bar and press Enter.
2. Use the care recipient's own ID when you have it.
3. Confirm you've opened the correct member before reviewing or creating a referral.

Advanced Search (fallback)

1. If the ID doesn't return a result, select Advanced Search.
2. Search by First Name, Last Name, and Date of Birth.
3. Confirm the member record before continuing — the member shown in training is an example only.

Reading the member landing page

SECTION	WHAT IT SHOWS
Overview	Full name, address, date of birth, phone, preferred language
Recent Activity	Latest authorization, referral, and note updates
Benefits	The member's benefit tile. Select a tile to see its authorizations and referrals

ONE BENEFIT TILE

Every Champion Health member has a single benefit tile: **Respite Care**. It is a 48-hour annual benefit, shown in Benefits Hub as 48.00 points.

Inside the Respite Care tile

The tile shows the Plan Allowance, Used, Pending, and Remaining, plus the member's referral history. Respite Care is listed under the **In Home Support** category, and one unit of the service is the member's full 48 hours.

NORMAL, NOT BROKEN

A member with no referrals listed simply hasn't had one created yet. An empty list on its own isn't a problem. The hours don't roll over — they expire on 12/31/2027.
