

Signing In to Benefits Hub

Quick reference for accessing your account

1 Access the Portal

Use the personal sign-in link your account team emailed you to reach the Benefits Hub sign-in page. **Bookmark it** — you'll use it every day.

https://[CLIENT].benefitshub.com/signin

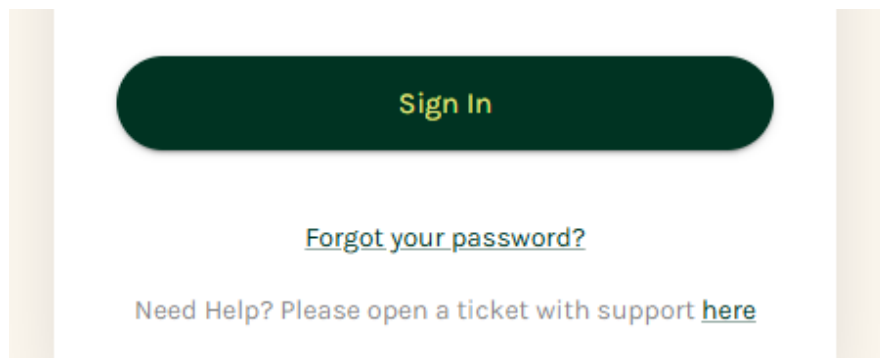

Link placeholder — your client-specific Benefits Hub URL will be provided by your account team.

2 Verification Codes Expire After 10 Minutes

If you open the verification email late and the code has already expired, there's no need to contact support. Just go back to the sign-in page and enter your credentials again — this sends a brand new code.

3 Forgot Your Password?

Click the “**Forgot your password?**” link directly on the sign-in page, just below the Sign In button. It walks you through resetting your password yourself — no need to contact anyone for that.

The link appears just below the Sign In button.

Still having trouble? Reach out to your account manager for help getting signed in.
