Quick Tips to Check Before Submitting a Ticket

Longevity · Case Manager Reference

Most “something looks wrong” moments are expected behavior. Run through this table before you escalate anything.

SITUATION	WHAT TO CHECK
No referral present	Confirm the correct member ID and benefit tile. Not every member has a referral yet.
Only one benefit tile	Normal — Longevity case managers work in the Life Enrichment tile, which includes Companion Care.
Remaining shows less than 500.00	Remaining = Plan Allowance − Used − Pending. Pending points count against the balance before care is finalized.
Can't find OTC items	OTC is a separate wallet. Members or Responsible Parties order by phone at 833-288-1097, not in Benefits Hub.
Companion Care hours look wrong	Companion Care is entered in hours, and a new referral is needed each quarter. Check the quantity against the wallet's Remaining.
Care location differs from the member's address	Select (change service address) on the Add Referral screen before you choose a service. It can't be changed at checkout.
No encounter is visible	Encounters appear only after the provider has actioned the referral.
A just-created authorization isn't showing	Allow at least 24 hours before treating it as a system issue.

Still need to submit a ticket?

1. Open the form from within Benefits Hub, or go directly to longevity-thb.zendesk.com/hc/en-us/requests/new.
2. Fill in every field marked with an asterisk. If a field doesn't apply, enter N/A — don't leave it blank.
3. Choose the Issue Type that fits (see below).
4. In Additional comments, include the member's name, member ID, and referral details so support has what they need.

Choosing an Issue Type

Longevity routes everything through one form and the Issue Type sends it to the right team. Submit the ticket first; if it's urgent, also email your THB Account Coordinator with the ticket number. For Ticket Submitted By, choose Member, Case Manager, or Leadership.

ISSUE TYPE	USE FOR	GOES TO
I need help logging in	Sign-in or account access trouble	Support team
I have a question about my order/service/referral	Referral status, service questions — the most common choice	Support team
Need a refund	Billing or refund requests	Support team
Account creation/deletion	Setting up or removing a user account	Support team
Provider: change request/report a provider issue	A provider change or a provider problem	Support team
Report system issue/outage	Benefits Hub problems, order or transaction issues, outages	Support team
